Julius-Maximilians-
UNIVERSITÄT
WÜRZBURG

Faculty of
MATHEMATICS &
COMPUTER SCIENCE

The Faculty of Mathematics and Computer Science at the Julius Maximilian University of Würzburg has a vacancy in the Institute for Computer Science for a

University Professorship (W2) for Applied IT-Security

to be filled as soon as possible. The position will be filled as a civil servant for life.

The applicant must represent the field of Applied IT-Security in research and teaching. Outstanding achievements in research and teaching are expected in at least one, preferably several, of the following areas:

- Development of secure software systems and security management
- Data security and privacy-compliant software systems
- Security analysis, verification, and evaluation of security solutions in terms of their reliability, performance, and energy efficiency
- Security in networked, mobile, and distributed systems
- Privacy-preserving methods for cloud computing and data science
- Secure use and training of AI models
- Forensic computing
- System security

Experience in acquiring third-party funding and in interdisciplinary research cooperation is expected.

The teaching duties include courses offered for the bachelor's, master's, and teacher training programs conducted at the Institute of Computer Science at the University of Würzburg.

Requirements for appointment are a relevant university degree, pedagogical aptitude, special aptitude for scientific work, which is usually demonstrated by the quality of a doctorate, as well as additional scientific achievements as detailed in Art. 57 para. 1 sentences 3 and 4 BayHIG. The additional academic achievements should have been made in the field of Applied IT-Security.

Pursuant to Art. 60 Para. 3 BayHIG, an appointment to civil service can only be made up to the age of 52. Exceptions are possible in urgent cases.

The University of Würzburg aims to increase the proportion of women in research and teaching and therefore expressly invites applications from suitably qualified female academics.

Severely disabled applicants will be given preference in the case of otherwise essentially equal suitability.

Applications are to be submitted by e-mail to **w2-aits@informatik.uni-wuerzburg.de** by **22 February 2026**. The usual documents are required (curriculum vitae, certificates, list of publications, of courses, teaching evaluations) as a single pdf file. Furthermore, a completed application form is required as a separate xslx file (go.uniwue.de/2024-registration-form).
