Bio: Data Analysis and E-Learning Specialist with a Master's degree in Data Science and 10+ years of experience driving digital transformation in education. As Head of Academic Development & E-Learning Center at UCAS, I designed and implemented a scalable e-learning ecosystem for 10,000+ students, overseeing 700+ online courses and ensuring seamless remote learning during crises like COVID-19 and the Gaza conflict. Additionally, I apply advanced data analysis techniques using Python, SQL, Power BI, and Excel to extract actionable insights, optimize decision-making, and enhance institutional performance.
