Lecture
“(Strategic and) Innovation Management”
(12-IM, Bachelor program, 5 ECTS, Winter 19/20, in English language)

Background
The tremendous technological and market dynamics of our times require firms to develop smart strategies for their businesses and technologies. This theory-led and practice-oriented module provides you with essential knowledge in the areas of strategic management and innovation management. On successful completion of this module you will be able to understand, develop and evaluate business strategies and innovation strategies in various areas, while choosing the adequate conceptual approach.

Prerequisites
None
