## **For all JMU students: Exchange opportunities in CHARM-EU**

Since 2022 JMU is a member of the European University Alliance CHARM-EU. CHARM-EU offers you opportunities for a **semester abroad** and **other programmes** with one of our **CHARM-EU partners** providing **the same Erasmus+ benefits** as in other Erasmus Exchange programs.

In our **CHARM-EU Transnational Online courses**, you can **experience intercultural learning in online settings** without leaving Würzburg. The CHARM-EU partner universities offer courses on a large variety of topics. Choose a course in your subject, get credits and enhance your academic portfolio. Enjoy a virtual learning experience together with peers from different countries and backgrounds and experience learning online at a CHARM-EU alliance university as a potential steppingstone to future physical mobility. In our information session we will inform you about your exchange opportunities and answer your questions.
