WHO WE ARE

Established in 2007, Asia Exchange and Beyond Abroad are study abroad providers founded in Finland by two former exchange students.

"More than 15 years ago, studying abroad changed our own lives. Since then, we have provided thousands of students with semesters, gap years, summer programs, and even full degrees abroad. Our mission is to help you realize your dreams of studying abroad, just like we have done for 10,000+ students from more than 100 countries so far. Studying abroad is a life-changing experience that shapes people and, in turn, today's globalized world. Take on this adventure on your own or together with friends!"
