Extension of my Enrolment as a Doctoral Researcher

Doctoral programme:

Dear Sir or Madam

I have not yet completed work on my doctoral thesis. I am aware that it would be possible for me to continue pursuing my doctorate without being formally enrolled. However, I still apply for an extension of my enrolment as a doctoral researcher since **valid** reasons exist.

Sincerely

STATEMENT OF SUPPORT

Pursuant to Section 94 Subsection 3 Sentence 2 *Bayerisches Hochschulinnovationsgesetz* (Bavarian Higher Education Innovation Act, BayHIG), doctoral researchers should be disenrolled no later than four years after enrolling for a doctoral programme. The word '**should**' indicates that a doctoral researcher may remain enrolled beyond the specified number of years in particularly atypical cases only, i. e. only if valid reasons exist.

We, the faculty / Graduate School supervising the doctoral candidate, support an extension of his/her enrolment since valid reasons exist.

We expect that it will be possible to complete the doctoral process by.

(Specify month/year or semester)

Sincerely
