

COMMUNICATION FOR UNIVERSITIES, COLLEGES AND TRAINING CENTRES

Dear responsible persons:

The **Museo del Baile Flamenco**, a site of tourist interest declared by the Junta de Andalucía in 2022, is pleased to announce that we have opened the registration period for student internships from **June to December 2025**.

We invite interested students to be part of an enriching and unique professional experience, where they will be able to develop their skills in a dynamic and collaborative environment. The internship will be fully immersive and will allow students to grow professionally on a daily basis as they face and overcome challenges with our guidance and support.

Areas of development in the internship:

- **Customer service:** reception, shop and call taking.
- **Guided tours:** in one language (to be chosen according to the student's competences).
- **General support:** Providing support to colleagues in the above departments or others if additional help is needed.
- **Presentation of shows:** participation in the introduction of our shows.

At the Flamenco Dance Museum, students will find:

- A **pleasant working environment** that encourages constant learning.
- Opportunities to face real professional situations.
- A comprehensive experience in a cultural space of reference, recognised for its touristic and artistic importance.

Please share this information with your students or anyone interested in taking part in this unique experience. **Places are limited and applications will be accepted on a first-come, first-served basis.** For further details about registration or the selection process, please do not hesitate to contact us.

Yours sincerely.
