

## **Prof. Dr. Jiří Neustupa – a brief CV**

born on April 9, 1949 in Kladno (Czech Republic)

- 1972 graduated in Applied Mathematics at the Faculty of Mathematics and Physics of the Charles University in Prague,
- 1976 CSc (= PhD) at the Faculty of Mathematics and Physics of the Charles University in Prague,
- 1977–2005 Czech Technical University in Prague, Faculty of Mechanical Engineering, Department of Mathematics (assistant, associate professor, full professor, since 2005 a part–time full professor)
- since 2005 Mathematical Institute of the Czech Academy of Sciences (senior researcher)

*Research interests:* mathematical modelling in mechanics of fluids, qualitative theory of partial differential equations.

*Pedagogical activities:* teaching mathematics at the Czech Technical University in Prague, teaching semestral courses or mini–courses at a series of universities abroad.

*Longer stays abroad:* at the universities in Germany, France, USA and United Arab Emirates.
