

Pump oder Universalbrett Nr.1

Inv.-No.	03348 a+b
Developer	Walter Schulz (1893-1961)
Manufacturer	unknown
Date	About 1950
Material	Wood, Iron, Brass (chromium plated)
Dimensions (h ,w, d; in mm)	140, 260, 300

The subjects' task is to assemble a pumping station from 15 individual parts without being shown the result in advance. The test has a high degree of difficulty and is intended to select only those with good to very good technical skills. The individual work steps are observed and evaluated.
