

HOW TO WueMahara

Website DigiLLabs

Anyone with a JMU account can log in to mahara-uni-wuerzburg.de without having to register again

CREATE

- Once you have logged in, you will be taken to the dashboard, which you can customise to suit your needs. For example, you can view the groups you belong to or any messages you have received.

- The top menu bar gives you access to your messages, your profile and the main menu.

- You can create new content via the “Create” option. This includes uploading files, creating portfolios and views, blogs, notes and more.

SHARE

- Under “Share”, you can share views and portfolios with others or see what content has been shared with you.

GET INVOLVED

- Under the ‘Join’ section, you will find individuals or groups that you can join upon request.

MANAGE

- Under “Manage”, you can export data from Mahara or import it into Mahara.
